I recently purchased a jungle gym from Jungle Gyms South Africa, and I can confidently say that my entire experience—from the first inquiry to the final pickup—was outstanding.

Communication:
From the outset, their team demonstrated exceptional customer service. They were transparent, friendly, and incredibly accommodating. Over a period of about two months, I contacted them numerous times—at least seven—mainly to change the pickup dates

and to request additional information. Not once did I encounter impatience or unprofessionalism. Each time I asked for updated photos or inquired about different colour options, the staff responded promptly and politely, making the entire process feel personal and stress-free.

Payment Process:
The payment process was smooth and efficient. I opted to pay the full amount upfront via EFT, and shortly after submitting my proof of payment, the representative kindly reminded me to be cautious of scams—an unexpected but deeply appreciated gesture that spoke volumes about their integrity and care for their customers. Even though production could have started immediately after payment, they respected our request to delay the pickup, showing further flexibility and professionalism.

Very happy thank you 👏🤩

Het softplay by 3 verskillende plekke bestel en moet sê julle sin is die beste. Die materiaal is baie dikker as ander sin, die bal pit is lekker hard en kante sak nie in as daarop gesit word, en die valcro strips is lekker breed en baie. We had the most incredible experience with Jungle Gym SA from start to finish.

From the very first communication right through to the after-service delivery, everything was handled professionally, efficiently, and with genuine care. The team guided us so well throughout the process, especially with advice on colours and finishes, and the final result is exactly what I envisioned for our garden.

The quality of the jungle gym is exceptional — sturdy, beautifully built, and absolutely perfect for kids. The installation process was seamless and effortless, and the team worked so neatly and professionally.

I truly could not be happier with the end result, and I am beyond thankful for the amazing service we received. I cannot recommend Jungle Gym SA highly enough to anyone looking for a high-quality jungle gym and an outstanding customer experience.

Can only say WOW about Jungle Gyms South Africa - the only pity is that I don't have more money to get the kids a HUGE jungle gym from you guys. But what amazing service - and so affordable. We went with one of the cheaper steel options (because every kid deserves a jungle gym!) and ordered on the Friday - was constantly kept in communication, and delivery was done the very next Friday. So they are super quick as well. Needless to say, the quality is amazing and my kids are absolutely in love with their new jungle gym. My older daughter is using the platform as her own personal tree house, but my son is over the moon and even though he was unfortunately sick his first weekend with his own jungle gym, he still has been down the slide and on his car drum about 100 times! Thank you so much for the excellent service, would highly recommend you to anyone! Keep up the amazing service and quality, and I'm sure we will still see this business name for years to come!

I can recommend Jungle Gems SA with all my heart! The wooden kitchen they made for my daughter exceeded all my expectations. The quality of the wood is outstanding, the craftsmanship is impeccable and the colours were exactly as I had envisioned. Every little detail has been finished to perfection. The cupboard doors open and close beautifully. It's clear that an incredible amount of time, care and pride went into creating it.

What made this experience even more special was the genuine kindness and care I received. Even after the kitchen had been delivered, she took the time to support and give hope in a difficult perosnal situation. Her compassion brought me so much comfort.

It's rare to find someone who not only creates such a beautiful, high-quality product but who also truly cares about their customers. Thank you for the exceptional service, outstanding craftsmanship and the love that went into every detail. Can't wait for my little one to start playing. This beautiful kitchen will be treasured by our family for many years to come.

You get what you pay for with these guys. I expected much and that's exactly what I got👏 I was surprised to see how much of the putting-together they just eye-balled but when they finished, things were perfectly in place and symmetrical.

You can tell they've been doing this for a long time. Also committed to their schedule they made with me even though the weather did not look Jungle-Gym-Construction-Friendly. So I respect that.

They also allow for so much freedom and creativity. We could adjust where we wanted things throughout the process. Very inclusive.

They also cleaned up really well after the installation👏

Can only say WOW about Jungle Gyms South Africa - the only pity is that I don't have more money to get the kids a HUGE jungle gym from you guys. But what amazing service - and so affordable. We went with one of the cheaper steel options (because every kid deserves a jungle gym!) and ordered on the Friday - was constantly kept in communication, and delivery was done the very next Friday. So they are super quick as well. Needless to say, the quality is amazing and my kids are absolutely in love with their new jungle gym. My older daughter is using the platform as her own personal tree house, but my son is over the moon and even though he was unfortunately sick his first weekend with his own jungle gym, he still has been down the slide and on his car drum about 100 times! Thank you so much for the excellent service, would highly recommend you to anyone! Keep up the amazing service and quality, and I'm sure we will still see this business name for years to come!

Ons is super super tevrede 👏👏👏dit lyk sooooo mooi. Julle mense werk super vinnig. Kon nie glo hulle sit hom in basies 4 ure aanmekaar nie. Dit wil gedoen wees. Nou is dit om ons dogtertjie eers daar af te hou...die man het gesê sy kan eers Saterdag op hom speel. Laat sement eers goed droog word. Gelukkig is dit koud vandag. So sy moet in die huis bly 🤭

Maar baie baie dankie julle sal definitief weer van ons hoor 🤗
